Democratic Mass Meeting.

At a mass meeting of the Democracy of Yolo County held in the town of Woodland on Saturday 13th June, on motion Mr. Mike Woods was called to the chair, who explained the object of the meeting, when E. Bynum was appointed Secretary.

On motion of Judge Gwinn a committee consisting of Judge H. Gwinn, Wm. Minnis, J. T. Daly J. W. Baldwin J. L. Downing, Wm. Hubbard, John Nixon, and W. W. Pendegast were appointed to report resolutions expressive of the sense of the assemblage.

During the absence of the committee the meeting was ably and eloquently addressed by Messrs Tod Robinson, Col. P. L. Edwards Bradford and Cofforth.

The committee reported the followidg resolutions which were unaniously adopted.

WHEREAS, We believe that it is the wish and desire of every lover of the free Democratic institutions of our country, that we should express and maintain fealty and adherance to the supremacy of that Constitution which our fathers made and which by them was considered the "perfection of human wisdom," the arbitor of States rights and federal delegated powers to secure the "greatest good to the greatest number," and,

WHEREAS, We, in the execution of our duty to our whole country, believe that we should ignor all past ties and party obligations, and resist, in a legal form, to the utmost of our power every attempt to desolve the Union of the States or subvert and overthrow the well settled laws of our country, and,

WHEREAS, We are compelled to denounce the infatuation and treasonable practices of those who initiated, and are now continuing, an unnecessary war against the peace and perpetuity of the Glorious Union of these States, and

WHEREAS, We believe the policy of the present National Administration tends unnecessarily to continue the war, instead of bringing it to a successful or honorable termination, and unles arrested in its mad career must inevitably result in "a new nation to grow out of the war," inemical to, and incompatible with, the Constitution of our country, and hateful and odious to all who believe that this Government was formed by white men for the benefit of white men and their posterity forever, and,

WHEREAS, We recognize to the fullest extent the doctrine contained in the Declaration of Independence, that "Governments derive their just power from the consent of the governed," therefore be it,

Resolved, 1st That we approve of what is known as the "Butte County Call" for a Democratic State Convention to assemble at Sacramento on the 8th July to nominate a State ticket, and be it further

Resolved, 2nd That all persons who know and believe in no higher law than our Countrys Constitution to guide them in the administration of Governmental affairs, and who sincerely desire a restoration of the "Union as it was" and who adher to the "Constitution as it is" and who desire that our country may once again enjoy the blessings of peace and fraternal intercourse, and that the same may be perpetuated to posterity, are respectfully invited to come out from the secret midnight conclaves throughout the land and labour in the light of day in the ranks of the conservitive Democracy for the attainment of these glorious results. And be it further,

Resolved, 3rd, That the democracy now, as always heretofore acknowledge our duty to yield obedience to the legally constituted authorities on the land, in the exercise of their Constitutional functions; at the same time, we claim for the people the right of free speech and free press as an inalienable right–necessary to free men and formitable to usurpers, and be it further,

Resolved, 4th, That we recognize, to its fullest extent, the right and duty of the Government to resist by every Constitutional means, rebellion or insurection against its lawful Supremacy; but we recognize that right solely for the purpose of restoring its constitutional authority and for no other purpose whatever, and be it further,

Resolved 5th, That the existing war in the United States should for the honor of the American name be conducted in all cases strictly in accordance with the constitution of the United States and the usages of civilized warfare; and that whenever the inhabitants of the so called Southern Confederacy shall consent that the general Government shall exercise its rightful authority over said states the war should then cease.

Resolved 6th, That sectional prejudicies are subversive of good government and good society, and all who pander to local jealouses, and foster sectional hatred and anomosities are traitors to the best interest and prosperity of the country, and deserve the scorn and condemnation of all true patriots.

W. W. Pendegast offered the following reolutions which were adopted.

Resolved, That a County Convention be held in the town of Woodland on the 27th day of June 1863 for the purpose of electing six delegates to represent Yolo County in the Democratic Convention which is to be held in Sacramento on the 8th day of July next, and transacting such other business as may come before it.

Resolved, That Primeary meetings be held in the various precincts on the 20th instant for the purpose of electing delegates to the said county convention in accordance to the following apportionment.

Buckeye 5, Woodland 6, Weyands 4, Canon 3, Cachville 3, Joseph's 2, McCarty's 3, Knight's Landing 5, Washington 5, Grand Island 2, Ludden's 2, Ristine's 1, Powell's 1, Oborns' 1, Freemont 1, Plainfield 2.

Resolved That all persons shall be entitled to vote at said Primary Elections who are in favor of maintaining the Constitution of the United States in its every provision and particular; and who are opposed to the despotic actions and abolition policy of the present Administration.

J. L. Downing offered the following resolution which was adopted,

Resolved, That the citizens of Yolo County in mass meeting now asssmbled, be invited to appoint one person in each of the precincts of this county who shall comprise a committee of arrangements for the purpose of making the necessary preparations for the Celebration of the approaching Anniversary of American Independence.

Resolved, That all persons be invited to attend such Celebration to be held in the town of Woodland, and that such Celebration shall be conducted free from all sectional or political influences such as charicterized the celebrations of that day when no such agitation existed.

The following committee was appointed.

Buckeye, J. Nixon; Woodland, J. D. Lawson; Weyands' W. Belsterling; Canon, Joel Woods; Cachville J. T. Daly; Joseph's, Wm. Montgomery; McCarty's, M. A. Woods; Knight's Landing, J. W. Baldwin; Washington, W. Green; Grand Island, S. Bullock; Ludden's —. Wright; Resttine's and Plainfield, B. Fowler.

A shinplaster story has been localized in Boston, and applied to a popular dry-goods dealer. The story may have been in print perhaps, but a repetition will do no harm As the story goes, a farmer purchased a few cents worth of goods from this merchant, and gave him a bill to make change from. The latter returned him eighty five cents in his engraved promise to pay, generally known as checks, but vulgarly known as shinplasters. "What's them?" inxuired the farmer. "O," said the merchant, "these are a sort of currency we merchants have," and went away to attend to another customer. The cauntryman went off, exactly satisfied, but shortly returned, and bought nearly a dollar's worth of goods. After receiving the neatly tied up package from the merchant, and being told the price, he deposited a number of pumpkin seed on the counter.—"What are thesy?" inxuired the astonished merchant. "O," replied the countryman, quite coolly, "them's a sort of currency we farmers have," and thereupon left the store. The story has it, that the dry goods dealer, who appreciated good jokes, was so amused, he did not call his unprofitable customer back again.

TAKE HEED.—Never ridicule sacred things or what othere may esteem as such, however absurd they may appear to you Never ressut a supposed injury till you know the views and motives of the author of it. On no account relate it.—Always take the part of an absent one who is censured in company, so far as truth and prudency will allow. Never dispute with a man more than seventy years of age or with an enthusiast. Do not jest so as to wound the feelings of another. Say as little as possible of yourself and those who are near to you. Never court the faver of the rich, by flattering either their vanities or their vices. Speak with calmness and deliberation, especially in circumstances which tend to irritate.

A Western editor thus pitches into his cotempoary: He is too lazy to earn a meal, and too mean to enjoy one. He was never generous but once, and that was when he gave the itch to an apprentice; so much for his goodness of heart. Oo his industry, the public may judge: he never worked but once in his life, and that was when they mistook castor oil for honey.

Union County Convention.

The Union County Convention for Yolo County assembled at Woodland on the 6th day of June 1863, and organized by appointing C. I. Hutchinson to act as President and G. W. Bell to act as Secretary.

On motion it was ordered that the President appoint a committee of three on credentials, L. B. Ruggles, Edward Patten, and Charles Traver, being appointed said committee, the convention took a recess of fifteen minutes, at the expiration of which time the committee on credentials reported.

On motion the report of committee was accepted and adopted, when the following named persons were severally put in nomination for delegates to the State Convention to be held at Sacramento City on the 17th day of June 1863. namely:

J. A. Hutton, John Hoagland, Richard Parker, C. I, Hutchinson, Edward Patten, S. B. Holton, Wm. S. Emery and H Beal.

The convention then proceeded to ballot for five delegates and ballots being counted the following persons were declared to be duly elected—namely, J. A. Hutton, C. I. Hutchinson, John Hoagland, Wm. S. Emery and Richard Parker, and on motion their selection was declared unanimous.

On motion said delegates were instructed to use their best judgment, when in convention as to the propriety of said convention nomenating candidates for State Judicial Offices.

C. I Hutchinson then introduced the following resolutions which after being read were unanimously adopted.

RESOLVED, That the Union party of Yolo county has not abated "one jot or tittle" of its devotion to the great and free American Republic, won by the blood of its Revolutionary sires, and by them established upon foundations that traitorous hearts and rebellious spirits cannot shake much less destroy.

RESOLVED, That our confidence in the Administration of the country is unimpaired, and that we will give it our cordial and hearty support, and not quibble and complain about minor questions so long as there are rebels in arms determined upon the overthrow of the Government of their country.

RESOLVED, That we urge the most thorough and vigorous measures upon the consideration of the constituted authorities of the Government, and earnestly pray that there may be no conciliation—no settlement— no laying down of arms, until all everywhere, all over the country, who have raised their rebel ious heads, done rebellious acts, and spoken rebellious words against their Government, shall come up and prostrate themselves before the alter of their common country, and swear renewed and unalterable allegiance to it.

RESOLVED, That great praise and gratitude are due to officers and men in the field, who are fighting for their country, its institutions and its rights—for their heroic conduct displayed upon so many battle fields, and for the sacrifice they have made for the salvation of the republic.

RESOLVED, That while the war lasts we ignor all party names and know only the great Union party of the nation.

RESOLVED, That at there can be but two parties during the present crisis—one for the country, its Constitution, its laws, its advancement, the improvement of the race and the happiness of mankind—the other for trampling the Constitution under foot, disregarding law, making millionaires of the rich and slaves of the poor; establishing social distinctions that are obnoxious to civilization and increasing intelligence, and countermarching upon the great idea that gave constitutional liberty and freedom of thought and speech to the people of this continent as contradistinguished from those of the old world.

On motion the Secretary was requested to forward a copy of the foregoing resolutions and proceedings of the Convention to the KNIGHT'S LANDING NEWS and Sacramento *Union* for publicotion.

On motion the convention then adjourndo, *Sine die*.

G. W. BELL, Secretary.

IN an old play, the undertaker reposves one of his mourners for laughing, at a funerol, and says to him. "You rascal you! I have been raising your wages these two years, upon the condition that you should appear sorrowful, and the higher wages you receive the happier you look!"

CARE OF HARNESS.—T. Oliver Ayres, a practical harness maker, Kent Co., Del., contributes to the *American Agriculturist* the following suggestions:

"Harness should be kept hung up on wooden pegs in a clean dry room with a plank floor, so that it may be free from dampness. When soiled, it should be washed with Castile soap suds. Harness that is in constant use needs oiling four times a year; if only occasionlly brought out, as carriage hprness, etc, twice a year will be sufficient if the washing be not neglected.

To oil harness, seperate all the pieces, and lay them in water until thoroughly wet through. Then wash them clean, and allow them to dry sufficiently. To know when they are in good condition for oiling, bend a strap, and if the water does not ooze out, it is dry enough.—Train oil (whale oil) is sometimes used, but neats-foot oil is much better. Mix with it a little bampblack, and with a brush apply it to both sides of the strap. About six hours after oiling, wash the whole with Castile soap ond warm water, let them dry, rub well with a woolen cloth, and buckle them together."

LAMPAS IN HORSES.—The horizontal barsi n the roof of the horse's mouth are undoubtedly intended to aid the animal to retain food in the mouth while it is being masticated. Thep are abundantly furnished with blood vessels and nerves, and are therefore very sensitive. When colts are teething, the disturbance of the adjacant parts sometimes cause these bars to be inflamed and swollen. Then the animal can not eat without pain, and uninformed persons have ascribed the apparent falling off of appetite under such circumstanges, to a disease named "Lampas." To remedy the supposed ailment, it has been recomended and is still practised in some localities, to burn out the swollen bars with a red hot iron urde for the purpose. The operation is an unnecessary and injourious cruelty. The portion of the mouth thus destroyed can never be replaced, and thus the power of perfect masticatian is impared. The only sergical operation allowable in cases needing assistance is to lance the inflamed parts, the same as a physician would treat the gums of a child in cases of difficult teething. This can easily be done with a sharp penknife. After the lancing, it is recommended to wash the mouth with two ounces of tincture of myrrh to a pint of water, or a strong solution of alum in water Feed the colt on bran mashes and grass, witholding all grain until he eats without difficulty.

A FOOL'S DECISION —A poor begger Paris. being very hungry, stayed so long in a cook's shop, who was dishing up his meat, that his stomach was satisfied with only the smell there f. The choleric, covetous cook demanded of him to pay for his breakfast. The poor man denied it, and it was referred to the decision of the next man that should pass by, who chanced to be a most notorious idiot.—He determined that the poor man's money should be put between two empty dishes, and the cook recompensed by its jingling, as he was satisfied with only the smell of the cooks meat

ONE OF DANIEL WEBSTER'S BETS—The late Kendall O Peabody of Franklin was accustomed to tell the following, which we have never seen inprint: Mt. Webster and Henry Clay were standing on the steps of one of the hotels in Washington, and Mr. Peabody was close by and heard what was said. A drove of Jockasses was passing by, and Mr Clay thought it a good opportunity to get a joke upon Mr. Webster. He patted Mr. Webster on the shoulder—pointing to the long-eared donkeys, and said: "Mr. Webster there are some of your northern constitutions." "Yes," replied the great statesman, "going South to teach school." *Worchester Transcript.*

A SERMON IN A WHISKEY SHOP.—The first sermon ever preached in the Reese River Mines, was delivered in the then of Clifthe, on the 19th May, by Rev. W G. Blakely, formerly of Folsom, in Mr Johnson's saloon, where a white curtain was thrown over the bar fixtures to shut out terrestrial spirits from the gaze of mortals; his reverence, acting somewhat upon the Lorenzo Dow principle, and accommodating himself to time and occasion, taking for his text "None of these things must move me," gave a very pleasing and inctructive discourse, and the marked attention given by the audience showd plainly that his remarks were appreciated. At the close of the service, the proprietoo of the house passed tround the hat, and the sum of sixty eollars was counted out ao the minister of God who feard not to do his duty even among sinners in their stronghold.—*Folsom Telegraph.*

Public Roads.

Of all local questions there is probably none that interest so large a portion of the people of this state as that of public roads. Every member of the community has an interest in the directness and efficincy of our public roads—for all are travelers, farmers, mechanics, professional men of every stamp and grade, capitalists and all are migratory—all are on the move; consequently the more direct and better our public highways the quicker and less expense will be our trip to accomplish our various enterprises.—In these respects it is that we all have a common interest, in others they not unfrequently conflict, hence the tardiness with which roads are located in this country. One may loose by the road a comparatively worthless piece of land and be supplied in return with a direct and perhaps only road to market and highway, in general. While his neighbor who has already a road to or by his place would be subjected to the loss of a valuable piece of land and other disabilities, and in addition perhaps compelled to immediately make a large amount of fence, which in advance of compensation for injury thus sustained, he might be wholly unable to accomplish. In a conflict of interest like this, with no appropriate law to immediately reconcile and indemnify the injured parties, is it strange that we should have such tortuous and unimproved roads? is it strange that the highway through many Valleys of the State should surround nearly every man's farm in the same.

We are no lawyer neither legislator, but we would suggest at the risk of our editorial capacity (more to elicit inquiry and discussion upon this subject than anything else) that a law be passed at the next session of our legislature empowering surveyor and road viewers not only to survey and locate roads, but also to assess damages upon the same—which assessment if accepted shall be an order on the County Treasurer. Where assessments shall not be accepted by the damaged parties, let their redress be obtained through the Courts.

While we suggest the foregoing we are not ignorant of the provision in that *great guide* to us all, that private property shall not be taken for public use without just compensation; but when the common interest and general welfare conflict with individual right, who is to be the *Umpire?* certainly not the majority for then would the minority be wronged. Would it not be equally absurd for the interested minority to be absolute judge in this case, we answer most emphatically (knowing something of human nature) yes! for then would the people be robbed for personal agrandizement. Therefore as before suggested, let the Courts decide for those unwilling to accept the proposition of the viewers.

Knight's Landing having a population of from two to three hundred inhabitants and handling in the aggregate about one-half million dollars annually, has not one direct well improved road, free from gates and bars, communicating with the surrounding country. This is indeed an unpleasant fact, but no more unpleasant than true. But once more—just now we have the opportunity of improving to some extent this state of affairs. We are informed that the right of way has just been given by Col. G. Hager, the party owning the land, (known as Grand Island) to open a road from Smith's Ferry to this place. *Provided* there shall be built a Bridge across Sycamore Slough opposite our town, without which the road would be valueless.

As the present settlers on the land over which this road is to pass have no legal or just grounds to remonstrate, and as we believe no real interest to subserve in so doing, we hope to see a very large Petition gotten up by the citizens of our town and the community at large for the same. We need not enlarge upon the many benefits general and special that would accrue from this road. We need not inform the public that it would shorten the distance from here to Colusa some 10 or 12 miles, that it would give free and easy access to the people of Grand Island to Knight's Landing, that it would increase the general travel upon the river and through our town, and thereby hasten the day when our River road to Sacramento would be shortened by a raised road across the Tule from Charleston to the Elk Horn. These immediate benefits and remote prospects are ours, upon the completion of the road.

We have just seen a Public Notice that application will be made according to law for the opening of said road. We hope that private prejudice or mis-conceptions of local or individual interest will not be suffered to militate against an enterprise so full of public promise.

WOODLAND, June 15th 1863,

EDITOR K. L. NEWS:—The following document was picked up in Woodland not long since, and its contents ought not to be lost to the public. If it were the intention to have the document fall under the observation of copperheads, to induce them to nominate A. P. McCarty for *something*, its publication would doubtless promote that object. If it were the intention to have it fall into the hands of Union men, that they might endeavor to *prevent* such nomination, it should be published that Union men may know their duty, and perform it.

That the importance of the document may be fully appreciated, the public should understand that it was written by A. P. McCarty *himself.* And if Mc. desires to know who says he wrote it, we answer, the writer of this article says so, and our name may be learned by *him*, on calling at the office of the KNIGHT'S LANDING NEWS. But to the document.

"June 8th"

"Friend G & E. Politicks is waxing warm, and I thought I would drop a line. We must carry Yolo at all hazards; to do it we must work not only in our own party but with the copperhead party. The vile copperheads hold a grand *pow wow* in your place, next Saturday, and you may get some cue,—be on the lookout. You may be able to drop some word that might be of advantage to *us;* for instance McCarty and Gwinn are spoken of for State Senate. Now it wont do to allow Mc to be nominated if *we* can possibly help it, for he would make a stronger race than any man Yolo could put up:—But if you can make some of their leaders believe he is unpopular they won't nominate him, and some of their leaders dont want to nominate him if they can help it. You know who they are and know how to aid his copperhead enemies.

Mc and Dayly are going to be the prominent candidates for the Judgeship.—Throw in a word for Dayly! Mc must not have it for he is a strong man before the people, and Hopkins might not be able to beat him, but can beat Dayly easy Downing will do for *Assembly*—Let *him* alone! Douglas is the weakest for Sheriff: Howard and Minnis the strongest Howard may be a little strongest (act accordingly) and some of the cop's are working hard to beat him; from what I learn, I fear he will get 8 or 10 union men on buckeye.

Give me a report of the grand copperhead meeting."

Yours in U. S. B."

(Signed) "B."

Well, well! Mack are you not ashamed of yourself?—Truly *"politicks is waxing warm."* Certainly you *thought you would drop a line;"* and you did drop a line. Wonder if you did'nt drop something else.

Reader, if you are a copperhead allow me candidly to inform you that Mc is unpopular and could not be elected to any office for which he might be nominated, and our advice to you is, "dont put him on the track." But if you are a Union man let me say to you "try to prevent Mc's nomination for county Judge by the copperheads, because he *"may* beat Hopkins, but Hopkins can beat Daly *easy."*

HANGED.—The Chico Index of the 13th has the following:

"On Saturday last several Indians living in the vicinity of Helltown, in this county were caught in the act of stealing horses and mules, and one of the party having acknowledged his guilt, they were confined to await the action of the citizens. On Monday morning, however, the whole party captured on Saturday, five in number, were found suspended to a hydrolic flume, all of whome were cold in death. The Indians are now assembling near Ninshew for the purpose of avenging the death of their friends. Dr. Sproul, of this place, and the Indian Agent, Mr. Eddy, have gone up to meet them, and, if possible, will effect a treaty with them.

THE grasshoppers have stripped the grape vines at Anheim, Los Angeles county, of all their leaves.

The following dispatches are from the Sacramento *Union*

HARRISBURG, June 16—Everything is gloomy here. Indications are that the rebels will be in sight of this place by tomorrow, in the absence of troops to stop their advance. The destruction of all the bridges along the Susquehannah is inevitable. As fast as troops reach here they are sent to the different forts on the river, where works are being constructed. Attempts to get troops from Washington have failed. All the energies of the State must be directed toward arresting the progress of the rebels. There is no hope of saving the county south of the Susquehannah.

June, 16—The operator at Loudon, Franklin county, Pennsylvania, reports that our pickets captured a rebel, who says the enemy is in heavy force in the Cumberland Valley. There are no Union troops there. The citizens are flying.

Reports from Harrisburg state that the rebels are at Carlisle, only eighteen miles from Harrisburg.

PHILADELPHIA June, 16—Business in this city has been mostly suspended.

June, 16—The Mayor has issued a proclamation in view of the urgent necessity of instant action to protect the Capital, urging the closing of stores and directing citizens to connect themselves with existing military organizations for the defence of the city.

June, 16—A Harrisburg telegram states that all important documents at the Capital were being removed to a place of safety. Evacuation was necessary.

BURNING SENSATION.—About ten o'clock on Wednsday morning last a team belonging to Mr. Woodward was on its way fron Putah Creek to Sacramento, and at that time had got opposite the ranch of Mr. Bryte, situated on the Yolo side, two miles above the btidge. The team consisted of four yoke of oxen and a wagon loaded with hay. The air was sultry, and the wind from the north and so the driver thought he would solace himself with a draught or awo of nicotine. By some means or other the combustion extended to the hay, which burned rapidly. It seems that the teamster got excited and lost his presence of mind, for he took particular pains to let the oxen loose, yoke by yoke, instead of at once detatching all from the tongue.—Before the last two oxen were released, the cargo of hay was a mass of fire. It was found impossible to free them, so they were burnt to a crust, together with the wagon and its freight. The loss is set down at—oxen, $200; wagon and hay, $350—total, $550.—*Bee.*

PASSAGE PAID.—The New York correspondent of the London *Morning Herald* says:

The immense arrival of Irish astonish those who are not in the secret. Their passages are paid by the United States Government and will be charged to enlistment expenses. The sum appropriated for this purpose is $3,000,000, and it is estimated that it will bring over to America 120,000 Irish persons of this number it may be safely estimated one third will inlist; that will cost only $50 each for 60,000, and in any other shape it costs the United States 100 per soldier.

Resignation of Gen. Meagher.

The following is Thomas Francis Meagher's letter resigning his Brigadier Generalship in the Army. It was sent in after the disastrous battles under Hooker. The loss of the Irish Brigade was 167:

HEADQUARTERS IRISH BRIGADE
HANCOCK'S DIVISION, COUCHE'S CORP,S
ARMY OF THE POTOMAC, May 8, 1863

Major John Hancock, Assistant General: I beg most respectfully to tender you, through the proper authorities, my resignation as Brigadier General commanding what was once known as the Irish Brigade. That brigade no longer exists. The assult of the enemy's works on the 13th of December last reduced it to something less than a minimum regiment of infantry. For several weeks it remained in this exhausted condition.—Brave fellows from the convalescent camp and from sick beds at home, gradually reinforced his handful of devoted men. Nevertheless, it failed to reach the strength or proportions of anything like an effective regiment. These facts I represent as clearly and forcibly as it was in my power to do in a memorial to the Secratary of War, in which memorial I prayed that a brigade which had rendered such service and incurred such distressing losses should be temporarily relieved form duty in the field, so as to give it time and opportunity in some measure to renew itself.

This memorial was in vain. It was never acknowledged. The depression caused by this ungenerous and inconsiderate treatment of the gallant remnant of a brigade that had never once failed to do its duty most liberally and heroically, almost unfitted me to remain in command. True, however, to those who had been true to me—true to a position which I considered sacred under the circumstances—I remained with what was left of my brigade; and, thogh feeling that it was to a sacrifice rather than to a victory that we were going, I accompanied them and led them throdgh all the operations required of them at Scott's Mills and Chancellorsville, beyond the Rappahannock.

A mere handful, my command did its duty at those positions with a fidelity and resolution which won for it the admiration of the army. It would be my greatest happiness, as it would surely be my highest honor, to remain in the companionship and charge of such men; but to do so any longer would be to perpetuate a public deception, in which the hard won honors of good soldiers, and in them the military reputation of a brave old race, would inevitably be involved and compromised. I cannot be a party to this wrong. My heart, my conscience, my pride, all that is truthful, manful, sincere and just within me forbid it.

In tendering my resignation, however, as the Brigadier General in command of this poor vestige and relic of the Irish Brigade, I beg sincerely to assure you that my services, in any capacity that can prove useful, are freely at the summons and disposition of the Untied States. That Government, and the cause, and the liberty, the noble memories and the future it represents, are entitled, unquestionably and unequivocally to the life of every citizen who has sworn allegiance to it and partaken of its grand protection. But while I offer my own life to sustain this glorious good Government, I feel it to be my first duty to do nothing that will wantonly imperil the lives of others, or, what would be still more grevious and irreparable, inflict sorrow and humiliation upon a race who, having lost almost everything else, find in their character for courage and loyalty an invaluable gift, which I, for one, will not be so vain and selfish as to endanger. I have the honor to be, most respectfully and truly, yours.

THOMAS FRANCIS MEAGHER,
Brigadier General Commanding.

PITT RIVER MINES.—The Red Bluff *Beacon* says; that the country is being rapidly developed, and many tunnels pushed far into the bowels of the earth. The Columbia tunnel has been run a distance of over forty feet. He also informs us that the ledge has been struck in both the Williams & Killinger and in the Baxter, and that one hundred dollars a foot has been offered and refused for the former. The ore from the Baxter, or south extension of the Killinger, as it was originally called, is very rich, and claims in this ledge are held at high prices. The rock taken from the Columbia is very rich, though the main ledge has not yet been struck. It is selling at from five to ten dollars a foot.—The cropping in the Wild Sage assay $25 a ton, but a short distance from the surface The Red Ledge is beginning to attract considerable attention, and we learn that the rock now in sight turns out over $40 to the ton. But one of the best ledges in the whole Pittsburg is the Mountain Scott. A reliable assay of rock taken out but a few feet from the top of the ground, assays $572 to the ton. The Star is also considered a very valuable ledge. The Sugar Pine, in Cow Creek District, is being held at favorable prices.

TYPOGRAPHICAL errers come in very odd sometimes. The other day we were reading a description of enthusiastic demonstrations at a political gathering, when the type went on with—"The air was rent with the *snouts* of three thousand people."

DAMAGE TO OUR COMMERCE.—Mr. Seward has just completed a statement showing the total amount of damage done American commerce from the commencement of the war to the present time, which foots up the enormous sum of $8,000,000, including vessels and cargoes. This document is designed for Mr. Adams, to be laid before the English Government. Indemnity will be demanded in all cases of destruction by the Anglo-rebel Privateers, not with any expectation that the claim will be admitted, but as another form of protest against the conduct of England in permitting these privateers to be fitted out in her waters. The time may come when this demand will prove of value.

THE HANCOCK HOUSE.—The famous Hancock House mansion, Beacon street, Boston, near the State House, has been sold to Messrs, James M. Beebe and Gardner Brewer, who will erect upon the site two elegant dwelling houses. The venerable building was erected in 1737, and its massive frame is said to be as good as new. It is said the material of the mansion will be carefully taken down and erected upon a patriotic locality in the suburbs, according to plans made by Arthur Gilman, a Boston architect of high repute.

SAD MISTAKE.—A deplorable case of shooting occurred in Washington, (D.C.) on Saturday. The wife of one James Hanning, resident on Twenty-first street, got up and went to a back window about 1 o'clock in the morning, supposing she heard burglars in the yard. Her husband subsequently awoke, and mistaking his wife for a burglar, fired his pistol, the ball entering his wife's shoulder and passing through her body, came out near the heart. Still, hopes are entertained of her recovery. The neighbors were alarmed just in time to prevent Hanning from destroying himself.

WHITE PRISONER.—A hunter in Mendocino county says he has reason to believe that the Indians, in the valley of North Eel River, have a white woman captive. It is said she once tried to escape, and was shot through the arm, which the red man then amputated.

THE Downieville and Marysville stage capsized on Friday morning. Mrs. Mc Carthy, of Virginia City, had her collar bone broken.

AN oyster bed ten miles long and three wide has been found on the coast about 40 miles west of Corvallis, Oregon.

THE shipment of treasure on Saturday were, to England $626, 630 09, to New York $241, 589 24, to Punta Arenas $17,260, to Panama $5,000.

VIZ: Threshing, reaping and mowing, machines; horse hay rakes, cast and steel plows, plow castings, cultivators, harrows, harrow teeth, churns, chee-e presses, grain cradles, seed sowers, corn planters, corn shellers, hoes, horse hose, shovels, spades and trowels, garden shears, reels and lines, garden rakes, straw cutters, sugar mills, fan mills, hay and manure forks, hay knives, axes, hatchets, ax-handles, sickles, scythes, snathes, bush scythes, road scrapers, grind stones, wheel barrows, sausage cutters and stuffers, ox yokes and bows, patent bow pins, budding and pruning knives, well wheels and buckets, etc., etc.

PATENT COMBINED GANG PLOW, SEED SOWER AND HARROW.

We have purchased the right this great labor-saving implement for the State of California, and are having a number made in the Atlantic States for this market.

With this combined Machine one man, with six horses, can do the work of three twelve inch plows, besides sowing the grain, and harrowing it in as he proceeds, thus finishing his work in the best manner possible, without being obliged to travel over the plowed ground This Machine was very thoroughly tested by the farmers of Santa Clara county, where some eighty are now in use; also, by the Messrs. Hensel & Kethley, of this county, and Messrs Hoppin Brothers, near Cacheville, Yolo county. It is made very substantial; is not liable to get out of order, and being on large truck wheels, the Gang Plow, Seed Rower and Harrow, runs lighter than three plows would, cutting the same amount of land.

We are desirous of having these plows generally introduced throughout the State, and are therefore prepared to offer very favorable inducements to farmers and the trade. The following are some of the names of our customers who have used them for the past two seasons:

Sacramento county —Hensel & Kethley.
Yolo county.—Hoppin Brothers, L M Curtis, Caleb Davis, C Travers, A J Scroggins.
Sutter county —M Boulware, A L Chandler.

On Wednesday, July 1, 1863.

The following farms, cottage houses, and homestead lots will be deeded to the purchasers of the certificates being only five dollars each, which is the expense of making and acknowledging the deed. So thus you see it is in the reach of every one to become an owner of real estate.

The object in distributing this valuable property at the mere expense of the deed, is to induce settlers to go to the new City, and by so doing it will enhance the value of property, more than any other way.

On the opposite side of the river, at Antioch, there is located one of the largest Copper Smelting Works in the United States, with a capital of one million of dollars, and giving employment to a great number of men. We also have coal in abundance and at a low price; and as all improvements in our vicinity will benefit our place, we are confident that we shall have a large settlement at once.

DR. HOSTETTER'S STOMACH BITTERS.

THE OPERATION OF THIS PALATABLE remedy upon the stomach, liver and excretory organs is singularly soothing and conservative. It regulates, recruits and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties.

Invigorate the System.

Vigorous digestion and pure bile produce nutricious blood, and nutricious blood a healthy frame. Does the victim of a dyspepric stomach and a disordered liver desire to know how the digenstion may be improved, the bile and other fluids of the body purified?

Dr. Hostetter's Stomach Bitters

Will accomplish this desirable revolution in the system, regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and brings the whole machinery of vitality into vigorous and healthful play.

Strengthen the System.

The best means of imparting vigor to the brokendown frame and shattered constitution, which has yet been invented or discovered, is proffered to the feeble of both sexes and all ages in

Dr. Hostetter's Stomach Bitters.

Debility, from whatever cause arising, may be cured; strength, in whatever manner it may have been wanted, may be restored by the use of this powerful and healthful invigorant. For indigestion and all its painful effects, bodily and mental, they are a positive specific.

A Word to the Aged.

In the decline of life the loss of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation which recruits the strength and spirits, without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged

Dr. Hostetter's Stomach Bitters

As an invigorant and restorative, immediate in its beneficial action and permanent in its effects. It tones the stomach, improves the appetite, and acts like a charm upon the spirits.

For Females.

Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility, and all peculiar disturbances & derangements to which, as a sex, they are subject. It cheers and enlightens the oppressed mental powers, as well as stregthens the body, and its use is never followed by any reaction.

Dr. Guysott's Improved

EXTRACT OF

Yellow Dock and Sarsaparilla

Will Cure without Fail

Scrofula or King's Evil, Cancers, Tumors, Eruptions of the skin, Erysipelas, Chronic Sore Eyes, Ringworm or Tetter, Scald Head, Rheumatism, Pains in the Bones and Joints, Old Sores and Ulcers, Salt Rhrum, Diseases of the Kidneys, Loss of Appetite, Disease arising from the use of Mercury, Pain in the Side and Shoulder, General Debility, Dropsy, Jaundice, Lumbago, &c.

Dr. Guysott's Extract of Yellow Dock and Sarsaparilla put up in the largest sized bottles, contains more of the Honduras Sarsaparilla than any other preparation extant, which is combined with the extract of Yellow Dock, the extract of Wild Cherry and the Balsam of Fir, thus making the remedy more thoroughly efficient that any other Sarsaparilla before the public. At the same time it is perfectly free from ALL mineral poisons, which can not be said of any other of the Sarsaparilla compounds. The Invalid should beware of poisons. Mercury, Iron, Quinine, Potash, Iodine, Sulphur, Arsenic, and many other mineral and metalic poisons enter into and form the active basis of most of the sarsaparilla and panaceas of the day. Guysott's Compound Extract of Yellow Dock and Sarsaparilla does not contain a particle of the substances; as any one can ascertain by applying the necessary tests.

These poisons may occasionally remove disease, but they so vitiate the blood and impregnate the whole system with their baneful effects, that the first cold or the first attack of disease, prostrates the patient's strength and subjects him or her to the most excrutiating torture, and renders another cure almost impossible and hopeless. Let all poisonous sarsaparilla preparations alone, and use *Guysott's Improved Extract of Yellow Dock and Sarsaparilla*, which is thoroughly efficacious, perfectly harmless and purely vegetable. All kinds of diseases yield to its genial influence.

Caution.—Beware of counterfeits. All genuine Dr. Guysott's Extract of Yellow Dock and Sarsaparilla has the name of JOHN D. PARK, Present Proprietor, Cincinnati, O., on the label.

Remember this fact when buying, all without the name of "JOHN D. PARK, Cincinnati, Ohio," on the label are *counterfeit.*
